FEBRUARY COAL EXTRACTION:
VILLAGE ELECTRIFIED

"DUBRAVA" OUT OF OPERATION -- Rude Pravo, No 40, 17 Feb 49

In spite of the fact that the "Dobrysha" mine has been put out of operation, extraction is continuing at normal tempo in almost the entire Ostrava-Karvin field. Extraction in the field amounted to 46,170 tons on 14 February. Since the beginning of February, 599,010 tons have been extracted, which is 99.97 percent of the February plan. The coke works are fulfilling their plan 107.6 percent; the Ostrava-Karvin electric power plants, 105.3 percent.

The Hlubina mine in the Ostrava-Karvin field extracted 56,000 tons of coal in January, which is 3,700 tons more than planned.

WEEK-END MINING IN OSTRAVA COAL FIELD -- Svobodne Slovo, No 44, 22 Feb 49

Ostrava -- On Saturday, 19 February, which normally would not have been a working day, 38,870 tons of coal were mined at the "Perbora" and "UMERA" mines. Since 1 February, 821,380 tons of each or 96.8 percent of the plan, have been mined.

A number of miners formed a voluntary shift on Sunday, 20 February, to make up the shortage caused by the explosion of the "Doubrava" plant. This shift produced 17,470 tons of coal.

COAL EXTRACTION IN OSTRAVA FIELD - Rudo Pravo, No 48, 26 Feb 49

On 23 February, 47,220 tons of coal were extracted in the Ostrava-Karvin field, or 94.6 percent of the daily plan. The plan has been fulfilled 97.9 percent since the beginning of the month.

The coke ovens produced 9,120 tons of coke, or 105.4 percent of the plan, on 23 February. The production of electricity for the field on 23 February was 99.72 percent of the Plan.
